

### Instructions on Getting an Accurate Shipping Quote via the Rife Website

- For online credit card orders needing correct shipping Use steps 1 through 10
  - For Check or phone orders needing correct shipping use steps 1 through 5 and call or send the check once rife gives you the code in step 5
    - If you already received a code use steps 6 through 10
1. Select the products you wish to order and add them to the bag.
  2. Find the product marked shipping also add it to the bag
  3. Once the shipping item is in the bag the option to have quoted shipping appears
  4. Complete the order using quoted shipping and the quote payment type.
  5. Rife will review the order and give you a onetime use discount code
  6. Make a new order with the same items including the shipping item
  7. Add discount code in space provided
  8. Select Quoted Shipping as your method to ship Price should now be corrected for the normal price plus shipping
  9. Change your payment type to PayPal to pay with credit cards or your paypal account
  10. Submit the order, Rife will receive it and ship it out
